

FMMC 1ST YEAR PAYMENT PLANS 2011-2012

There are three different payment plans available for students to pay their tuition. We understand that not all students are able to pay the full cost of tuition at the beginning of the year. These payment plans are available so that as many students as possible will be able to attend FMMC without finances being a burden.

FMMC tuition covers all curriculum, books, housing, meals, and travel expenses for FMMC stateside ministry and development trips. FMMC tuition does not cover a student's recreational and personal spending, nor does it cover the costs of the optional missions trips that are offered.

Students choose to take courses from either Global University or Moody Bible Institute. Neither of these institutions accepts any federal aid (including loans and grants acquired through FAFSA). Although Moody is fully-accredited, they are not considered a "Title IV" school and they do not accept any federal funding.

If you have any questions or additional concerns with regards to tuition, please contact Shelley Mordue at shelley@fmmc.com.

1st year Moody Bible Institute

Moody Bible Institute is a fully-accredited university. Students who select the MBI option will be enrolled in 18 credit hours of college courses that can be transferred to any university following Master's Commission. Students enrolled in Moody courses are able to take either Christian or General Education courses. This option is best for students who wish to continue their education.
